## HEALTHY TOUCH FOR CHILDREN AND YOUTH

### Knowing about child sexual abuse makes us more mindful about how we interact with children.

Healthy affection and touch is protective from child sexual abuse especially with parents, caregivers, and family members. Building on the education provided in *Stewards of Children*<sup>®</sup>, Darkness to Light's evidence-based training on preventing, recognizing, and reacting responsibly to child sexual abuse, this training teaches you some guidelines for healthy touch and safe, respectful ways to interact with children. It is highly recommended that participants complete *Stewards of Children*<sup>®</sup> prior to taking the course.

Available both online or as an in-person session delivered by an authorized Darkness to Light Facilitator, the training is also available in a Spanish-language version hosted by psychologist and CNN medical contributor Dr. Maris Azaret.

### WHAT ARE THE OUTCOMES?

During the training, you will hear compelling stories from experts and survivors about being an active bystander. You will also:

- receive some guidelines for healthy touch at home and in youth serving settings.
- learn how to balance children's needs for warmth and affection with safe, respectful ways of interacting.
- learn about healthy sexual development in children so we can identify normal and abnormal touching behaviors.
