

Child protection solutions that work for you.

CONSULTING SERVICES FROM DARKNESS TO LIGHT

Darkness to Light’s culture-based consulting practices move organizations beyond traditional child safety-focused box-checking to systemic child safety-focused change.

Through our signature approach, Darkness to Light will develop customized social behavior change strategies for your organization. We’ll help you empower your team and volunteers to pioneer integrated solutions that bring child sexual abuse prevention to forefront of operational excellence.

We work directly with organizations and communities to embed culturally appropriate prevention practices that address the specific needs of each audience—and we can do this for you, too.

SEE WHAT OTHERS ARE SAYING:

“Having an expert help us and talk through best practices was exactly what we needed. The Darkness to Light team walked us through the process and we didn’t have to figure it out on our own.”

– Program Manager, Youth Serving Organization
