

BECOME A DARKNESS TO LIGHT AUTHORIZED FACILITATOR

Darkness to Light Authorized Facilitators are the backbone of what we do. Facilitators are the leaders and trainers helping to create prevention-oriented communities.

An Authorized Facilitator is an individual who has been trained by Darkness to Light to deliver the *Stewards of Children®* training to adults in an organization or community. Facilitators model the core values of *Stewards of Children®* by talking openly about child sexual abuse and engaging adults in the discussion. Effective communication skills, including presentation and listening ability, are critically important to being a successful facilitator.
